COUNCIL PROCEEDINGS.

onsiderable Interest Shown in Routine Work -Bond of Contractor for Paving Douglas Avenue Accepted.

There was considerable interest shown ist evening in council proceedings as in dicated by the crowd which occupied the portant questions which, as supposed, ould be considered, but owing to inabilon some of the questions pending probably the most interesting topic was not dissussed. The meeting was scarcely above the average in importance, routine work only being attended to.

THE PROCEEDINGS. Members present, Healy, Carson, Schnitzler, Downing, Barnes, Glaze, Herrig, Mercer, Williams, Wight and Mayor Clement in the chair. An appropriation

for sundry purposes amounting to \$1,890 made. From sewer fund for right of way 8500 appropriated. R. Rogers allowed 8900 first estimate on city building. An ordinance regulating making con ection with sewer was read. On motion

of Mercer placed on its passage. The ordi-

CHANGING WATER MAINS. The Water Company to Put in a Larger Main

on Douglas Avenue and North Main Street Refore Paving is Completed. A representative of the American Water company, of Pittsburg, Pa., reached the city vesterday to look after the ques ion of changing the wooden mains on Douglas avenue for iron. He reports the company having decided to make the would be considered, but owing to inabil against himself and against all his inter-ty to attend to all the preliminary work ests. The tax payers of Wichita have not few days and be rushed along as rapidly a possible to get it out of the way of the jasperite paving. The company has an arrangement for pipe which it is thought will enable them to do the work here with out being forced to stop work because of no pipe. Some of the pipe is now being shipped and is expected to arrive within a few days when the work on the change

will commence in current. The paving contractors are very auxious that the water company in covering pipe urn, on a stone pedestal, and it is desired do the work in such a way that there will be no trouble in paving. With proper flushing of the ditch while dirt is being replaced they claim there will be no trouble experienced from it following closely with pavement. thought, however, that the water company will use the proper care.

The water company will also, as repre allow the city engineer control over work | Colonel B. H. Campbell. A fall and of plumbers in making connections. After | prompt attendance is solicited as matters | street from Central to Park, before that section is reached by the asphalt pavement. referred to judiciary committee and city greatest agricultural display ever made in The paving contractors say they will give probably paying all other blocks and com pleting at the north. This, it is thought, will give time enough for the water company to make the desired improvements.

As may be observed in the report of council proceedings the council is anxious the water company make the improvements on Douglas avenue and Main street as soon as possible. While the members of the council concede that they have no power to cause the water company to change the mains yet they hoped by the action taken to stimulate the compar hasten the work, knowing they intend to

ST. PATRICK'S DAY.

As announced the Rt. Rev. Bishop of Concordia delivered a sermon on the great saint of the Emerald isle. "We honor, as much as possible, and with good rea the names and days of Washington, Linceln and other great men whose talents and labors have brought the blessings of peace and prosperity on this lovely land, and with just as good reason do the members of the Irish race in this country hono on this day a man, a holy man, who brought to them the greatest blessin which it is possible for man to enjoy i his life-the gift of faith: that faith which the Irish have steadfastly adhered to in the face of every conceivable obstacle and persecution and which shines today as brightly as centuries ago.

The sermon was most eloquent, and was not wholly devoted to praising the man but examples were drawn from his life and works for the benefit and encouragemen of the faithful and also for those presen not within the pale of the church. It will undoubtedly long be remembered and pro duce a lasting effect on those who heard it

The hall was well filled and the exercise were highly entertaining. Many who do not boast of Irish descent were present and seemed equally interested with those who PAROCHIAL NOTES,

The first department was called out Sunday reming.

The Sparks company presented Hopt's all the corner of Fifth and Oak streets, which proved to be nothing of a serious nature. A chomery on fire caused a scare amongst the neighbors, who turned in the alarm as a safety move.

Shortly after 10 o'clock Sunday evening the company presented Hopt's was received with such favor that one limits alarm as a safety move.

Shortly after 10 o'clock Sunday evening the company presented Hopt's and was received with such favor that one limits alarm as a safety move.

Shortly after 10 o'clock Sunday evening the department was again sommoned to the currer of Famp and Douglas hot did not find it necessary to threw water. An uncorrupted stare room had been custically filled with hay for the evidence of the performance, and covering the content of the performance, and covering the limits are received yesterday evening and will languish in the cooler antilities morning when they will each come up with 85 or go to the rock pile.

The collection of several familia were content to the police country of the many light and murshing farres which provides that the morning when they will each come up with 85 or go to the rock pile.
